100027833

A 400nm ultraviolet light designed for currency checking, leak locating, and scorpion detection. Also useful for:

- Fluorescent dye leak detection
- Forgery detection
- Bodily fluid detection
- ID and document verification
- Mineral lighting and identification
- Reading UV or invisible fluorescent ink

DURABLE

Manufactured to withstand constant use. Metal construction, heavy duty O-rings, and custom battery cartridges provide durability.

MULTI-SWITCH SYSTEM

Separate metal power switches for different color modes.
