SILICONE TUBE 10x20 mm - 5 mm thick

Product Code	25491
Unit of sale	roll of 30 m
Minimum order	1
Type	Medical device
Class	I

UK-REP	Yes
CH-REP	Yes

RDM (NSIS)	2207981
CND	V9099
EAN/UPC	8023279254914
GTIN	08023279254914
GMDN	35917

Description

SILICONE TUBES for external medical use - silicone 100%

Resistant to hot air up to 200°C.
Infra-red vulcanization. Hours treatment at 200°C temperature in special oven. Anti-adherent, avoid incrustation and coagulation.
