Description

DIATERMO CART for electrosurgical units - medium

Ergonomic trolley designed to hold and carry electrosurgical units (including Argon units).
The height of 915 mm with inclined top shelf allows easy reading of the unit's display.
The trolley is provided with a second shelf with antiskid raised edges, two drawers placed at the base and a rear space with securing straps to hold two Argon cylinders.
Upright stands can hold optional accessories.
Made of epoxy-painted, tempered steel and aluminium.

Made in Italy.
