Description

BARRIER CREAM - 75 ml - box of 12

Dermoprotective hand cream with barrier effect, formulated with nourishing, moisturizing and emollient ingredients from biological agriculture. It creates an invisible protection, restoring natural hydrolipidic balance and maintaining pH of the skin. It is waterproof and protects from external environmental agents, irritations and dryness. It also prevents redness, roughness, cracking and itching. It avoids skin's maceration due to the use of gloves. It doesn't leave residue and it's not greasy. It is intended for both home and professional use.

Made in Italy.
