RDM (NSIS)	2289169
CND	N010299
EAN/UPC	8033003260692
GMDN	17191

Description

DISPOSABLE GELLED ELECTRODES WITH CABLE - latex free
High material flexibility allows easy application of electrodes on treated areas. Solid gel maintains the electrode adhesion and conducivity unchanged during procedure.
The electrodes are equipped with 10 cm long cable, with 2 mm socket.
