Description

KORA VET MAGNETOTHERAPY BASIC KIT

Kora is a veterinary device designed for pulsed electromagnetic field (PEMF) therapy.
Ideal for reduction of pain and inflammation in pets.
Suitable for the treatment of neuropathy, ulcers and diseases of the musculoskeletal system of cats and dogs of any size.
Easy to use programmes guarantee a safe and effective therapy for pets.
We suggest the use of a single Kora Mat mattress for small and medium-sized animals and use of two mats for large or medium-sized animals, combinable through velcro and connectable to a single device.
