Description

HEINE MINI 3000 LED 2.5V OPHTHALMOSCOPES

Mini 3000 LEDHQ ophthalmoscope
• Black
• Code HEINE: D-008.71.120
• Battery handle (Batteries included)

Modern pocket ophthalmoscope with LEDHQ. Concentrated, bright light for optimum illumination, a brilliant image and authentic colour rendering. Fixation star aperture with grey filter to reduce light intensity. Excellent optics and outstanding colour rendering with the smallest dimensions.

Reliable diagnosis
- simple examination process possible without pupil dilation
- clear, high-resolution image with minimal reflections
- 18 lenses ranging from - 20 to + 20 D prevent higher refractive errors
- fixation star including grey filter for patients who are sensitive to light
- 5 different apertures

Intuitive operability
- it switches off automatically as soon as it is clipped to the pocket
- practical one-finger operation
- handle and head are in 2 parts for easy servicing and expandability
