PARAF	925928297

Description

GERMOXID wipe - 12 boxes of 10 wipes

Ready-to-use disinfectant for skin that contains Chlorhexidine with long-lasting bactericidal action.
Chlorhexidine has a proven broad-spectrum effectiveness against Gram+ and Gram- bacteria.
The molecular structure of Chlorhexidine is very similar to that one of epidermis proteins and it is therefore rapidly and constantly absorbed by the skin.
Safe for medical operators thanks to its high epidermis compatibility, it neither irritates the skin nor stains or burns.
Available in 3 versions: liquid (250 or 1,000 ml), spray (for quick and efficient action) or wet wipes with chlorhexidine.

Made in Italy.

Technical Specifications
