Description

SEPTI SAVON - 250 ml - box of 12

Septi Savon is a 5.5 pH soap with antibacterial agents that prevents and eliminates unpleasant odours.

The presence of orthophenylphenol and benzalkonium chloride guarantees a sanitizing and antibacterial action.

Delicate on the skin, it can be used for total body shower and for children. Its neutral formula, enriched by glycerine, helps to maintain normal equilibrium of skin and prevents dehydration even after repeated washing.

Pump included.

Made in Italy.
