Description

B-BRAUN OMNIFLUSH® - 10 ml

PREFILLED FLUSH syringe 10 ml with NaCl 0.9% - box of 100 - EM-3513576
The Omniflush® syringe is designed specifically to minimize unintended blood reflux into the catheter lumen thus reduces the risk of catheter blockage. With Omniflush® the fluid amount used for flushing can be reduced to the required minimum. For flushing of all introvenous accesses.
