Description

Visio 5GE HQ Premier oto-ophthalmo diagnostic station - Xenon

Include power transformer, 2 handles, oto-ophthalmo heads, dispenser with 100 disposable grey speculum (50 Ø 2.5 mm, 50 Ø 4 mm), wall board for easy mounting or removal of diagnostic station. With blood pressure meter and thermometer.

Modern design diagnostic stations to satisfy all practitioners and clinics needs.

Two ophthalmo heads with 7 apertures

Regulated output prolongs the bulb life and guarantees optimal light intensity

- ergonomic designed non-slip handles
- constant output transformer with integrated surge protection
- soft start technology to introduce voltage gently, eliminates cold-shock when turning ON, increasing bulb life
- adjustable light intensity, low power consumption
- automatic ON-OFF switch once the handle is removed or replaced in the cradle
- precise brightness control, between 3 and 100%
- spiral cord of 3 meters

Supplied with multilingual manual: GB, FR, IT, ES.
