Description

RI-SONIC PCP-USB ELECTRONIC STETHO- USB-A plug - 4300

The Riester Ri-sonic are electronic stethoscopes designed to provide real-time and remote auscultation.
PCP-1 plugs directly into microphone port of any smartphone, PC or tablet and is only suitable for eMurmur App.
PCP-USB stethoscopes connect directly to any smartphone, PC or tablet and record sounds via eMurmur App but they’re also ideal for Telemedicine projects thanks to the integrated embedded amplifier.
- patented piezo technology for picking up body sounds with minimal background artefacts
- patients can use the stethoscope on themselves
- easy to use with a guidance of a clinician.
Ri-sonic Electronic Stethoscopes enable to listen to internal body sounds, such as heart, lung or bowel sounds, of a patient.

Technical Specifications

Mode of operation: continuous operation
Electrical protection: Class II protection against electrical shock
Plug: USB plug
Voltage: Input: 2 V - 5 V DC
Classification: Class IIa Type BF applied part
Weight: 180 g

eMURMUM App
Advanced digital auscultation platform.
It makes possible for professionals to screen, monitor, diagnose and consult heart, lung and bowel health in clinics, hospitals and home.
